**Auctioneer's Comment:** Gordon was active as a young boy and enjoyed taking things apart. Through the NYA he attended a machinist trade school in Shakopee. During the 1940's Gordon worked as a machinist with Lockheed Aircraft in California. He then when on to work for Honeywell in Minneapolis for 21 years, which included items used in the NASA Space program. Gordon started his own business in 1965 in Chisago County. He turned his hobby of collecting old tractors and gas engines into Gor-Nel-Co, making parts and restoring machines. It developed into a mail order business sending parts all over the US, Canada, England and Australia. Gordon passed away in 1998 and everything has been left in the buildings since then.
